**“Angelique was by far one of the highest ranked speakers during our Women Redefining Entrepreneurship conference at Cornell University.** Even though she spoke at the end of the day, our attendees’ attention didn’t wane a bit because they were intrigued and inspired by her daring story. In fact, even though it’s been several years since the event, I recently had an attendee refer to Angelique’s story because it continues to stand out in her mind. As the event planner, **Angelique’s delivery, professionalism, and storytelling sass, made me look good and feel proud to have her as our evening keynote.**”

Ariana Blossom
